

April 1, 1996

SIARC MEETING NOTICE

If you haven't already marked your calender, be advised we are meeting same time, same place on April 9, 1996. Also, remember our starting time is 07:30. Important items coming up are: 1. Wild Water Derby April 14, 2. Ladies Nite Party May 14 and election of officers June 11.

Members who have already indicated their willingness to help out at the Derby will notice a list of "Things To Remember" attached to this letter. Others attending can pick one up at the base station on arrival.

Radio Officer, Wayne KB6CSP, has requested that we get more involved in direction finding activities and schedule some practice events in the near future. We have a "rabbit" transmitter available but need more "direction finders". Past QST's have shown how to make your own and Tom Hodge, phone 396 0041, can answer questions about the kit Ramsey makes. (phone 924 4560)

Concerning the Wild Water Derby, for the uninformed, checkin at our base station in the Shortsville Fire House around 11:00 A. M. local time. You may have to park off base and walk in because parking at the base is limited--first come. first served. You can figure on from 0 to six (6) hours duty, whatever you can do.

Tentative plans for Ladies Nite Party are scheduled for Rumor's on 5 & 20 at Toomey's Corners--happy hour 06:00 P. M., dinner at 07:00. Treat your XYL or a friend to a nice evening out among 'em.

Start thinking now about who you want for 1996-1997 officers, Board of Directors and Committee Chairmen. We need your input and suggestions at the June meeting, our last one before summer vacation.

We had fourteen at the March meeting, lets shoot for 20 or 25 in April. See y'all there.
