We held the event at the Antique Wireless Association museum again this year.
Thank you to our hosts.

After the club provided pizza was consumed, along with the other goodies everyone brought,

we held the free members raffle for the Baofeng UV17Pro GPS hand held radio.
Thanks to Steve WB2VMR for the idea. The winner was Rich WB2JLR.

We then discussed a couple of Field Day items.

1. Summer Field Day last weekend of June 2025—Jay has reserved the Big M Sports Club in Clifton Springs if we would like to go there again. We will decide at the January meeting.
2. Winter Field Day---Tom offered his home in Victor for the event station for the last weekend of January 2025. More information to come at the January meeting.

We then had time to wander the museum and visit some more. Dave N2EZY was a great tour guide for questions.

Merry Christmas and a Happy New Year to all!!!
